NEWS FROM THE COUNTRY

WILTON.
Mrs. Isaac Clarke an old resident of Violet died on Saturday. Her remains were interred in this cemetery on Monday.
Mr. Jas. Thompson has been engaged cutting an arch in the parsonage. As he was stepping down to the floor on Friday his clothes caught on a chair post, causing him to fall on his side and injuring him quite badly.
There was a great rush to the Free Methodist camp meeting all week, especially on Sunday. A subscription was taken up on Tuesday night for the purpose of building a church in this place. Over \$300 were realized.

LONSDALE.
The new hay scales are now in position. Farmers in the vicinity can now have their produce weighed.
Master John McGinness who has been seriously ill is slowly recovering. It is hoped that in a short time he will be around again.
Miss Hawley and Miss Smith were the guest of Mrs. Hawley for a few days.
We regret to hear of the serious illness of Mr. McAuliffe, of the 4th concession.
The Misses Richardson, of Gananoque were visiting at Mr. Bruein's during last week.
Mr. Lazier is rebuilding the slide.

CAMDEN EAST.
Mr. James Fee passed away last Friday night.
Mrs. Lewis Stover passed away last Saturday evening after a long illness.
Mrs. Shorey and Mrs. Ryan have been attending the World's Fair. They report having a grand time.
Mr. Geo. E. Hinch is having a cost sale this month and people are flocking from all quarters to do credit to their purses.
Mr. John McAuley is learning operating at Camden East station and is doing nicely.
Mr. Geo. M. Bowman is doing a good business in carriage painting and reports that times will be good after camp meeting is over.
Miss Dick and companion are visiting at Mrs. Burgoyne's.

Mr. Geo. E. Hinch and S. W. Hamilton attended a lawn social at the 8th concession. Look out Albert for your big finger the next watermelon you attack.
Our station agent, Mr. A. J. Burrows is doing such a rushing business that he has required an assistant.
Quite a large party among whom are Messrs. Robt. Guy, Sam Galbraith, E. Lockwood, Jas. and John Burgoyne and Misses Burgoyne, Lockwood, and Dick have gone to Desert Lake to spend a week or so camping.
Inspector Burrows was in town yesterday morning.
Hop-picking is in full progress at N. Hinch's, J. Galbraith's and W. Saul's.
The Harvest Home on Tuesday by St. Luke's church, if not a howling success numerically and financially, at least was a perfect success as regarded the two services and the dinner and tea. There was to have been an admission fee to the grounds in the afternoon, but owing to no special program of amusements, it was dispensed with.
W. A. Rose, license inspector for Lennox, was in town yesterday.
R. F. Bicknell shipped a carload of

CODRINGTON.
The long drought has been broken and plenty of rain is falling.
Mr. Scott Adams died on Saturday night of inflammation.
The J. H. Allen Seed Co's. crop of peas and beans will be rather light this year.
A new line of telephone now connects us with Brighton Wooler and Hiltre.
L. T. Austin has seven hundred bushels of winter wheat this year.
Miss Alice Ames returned from Picton on Thursday.
The output of cheese from this section was light compared with last year, the pasture being light.
Mrs. D. S. Austin returned from Stirling and Campbellford on Saturday where she has been visiting for the past few weeks.

WILSONVILLE.
The Harvest Dinner in aid of the new Methodist parsonage was a decided success and the ladies who contributed to it deserve much credit. The programme on Sunday School was appreciated by the entire audience. Revs. Shorey and Wilson and Messrs. Elliott and Gibson distinguished themselves and will be welcomed on similar occasions in the future. Our own choir added very much to the interest of the day.
Sunday night Rev. Mr. Tucker conducted "Children's Service," and preached a sermon on "Flowers." A large and handsome collection of plants and bouquets were about the pulpit. The whole service was appropriate. We shall hope for a repetition.
Special services are announced to begin next Wednesday evening.
Some of our residents are making large preparations for visiting the World's Fair.

TAMWORTH.
The pie social to Robert Reid on the Miller farm was a great success. Proceeds over \$40. On returning home several got thrown out of their rigs, but none dangerously hurt.
Some heartless wretch on Friday night last sheared Mr. J. Murphy's horse and on the Saturday following cut the cords of the beast's hind legs. Mr. Murphy had to have the horse killed.
The harvest dinner at the Methodist church was a success.
Rev. Mr. Valentine preaches his farewell sermon in St. Andrew's church next Sunday and also preaches for the Oddfellows.
Miss B. Sherman and Miss L. Hinch and C. Rose have gone to Toronto fair.
Mrs. Douglas and Miss Miller intend leaving for Ottawa on the 12th of this month where they think of staying all winter.
Dr. Clark, J. O'Brien, and J. Floyd are home after spending a week in Sarnia on business.
We are glad to see Mr. J. Douglas able to be around again.
Mr. James Sherman and child paid his mother a flying visit.
We are sorry to say that our sexton Mr. Arlow, is improving so slowly.

NEWBROUGH.
The late grain, fruit and root crops are going to be very light around here caused by the very dry weather. The pasture land was dried out and farmers were compelled to feed their stock.
The grand rain on Tuesday of last week has changed the appearance of

DENBIGH.

Dr. McPhee, dentist, of Arnprior, has taken rooms at Dr. F. Yones' for a week. He is getting quite a number of professional calls from persons in this vicinity requiring his services.
Emil Stein left for Calgary, N.W.T., on Monday. He will probably not remain there long, but proceed to British Columbia. He will be much missed by his friends.

Miss J. Lane, of Ottawa, who has favored her parents and friends here with a visit, returned to Ottawa last Friday.

Sickness seems again to be on the increase, among others Mr. Thos. Dool, George Fritsch, Mrs. A. Kittner, Mrs. Wm. Blakely and Thos. Blakely are reported sick.

Harvesting is now in full swing. Our crop this year will compare favorably with the crops in any part of the province. We never had better. Harvest hands have been rather scarce.

Hugo Schoenich has completed his new house and moved into it, keeping bachelor's hall for the present.

Paul Stein has finished his new barn and drive house and filled it with hay. James Lane is thoroughly draining and improving the Denbigh House, and the traveling public has been quick to notice the change of proprietors.

Our village school house has also been enlarged and improved during vacation and our school is progressing favorably under the able management of H. E. Aylesworth. The trustees of S. S. No. 1 have also built a new school house.

ENTERPRISE.

Quite a number of the village sports and sports from other villages are enjoying themselves on the Enterprise fishing grounds. All report splendid catches.

Mr. Lester Deline has the contract for moving the village around.

It is surprising the large congregations at the M. E. Church on Sunday evenings, the large and commodious edifice being taxed to its utmost. The Rev. Horton is doing good work throughout the entire circuit.

Several new members have been added to the choir and Enterprise can now boast of having a choir second to none in the county.

Edmund Clancy, Esq., J. P., is recovering from an attack of malaria fever.

Mrs. Jeremiah Lockwood has been confined to her bed for over three weeks with fever and is still very low but not dangerously.

Visitors—Miss Coates, Napanee, and Mrs. Glenn, New York, are visiting Mrs. C. Clancy. Miss Ethel Mann, Napanee, at Mrs. Walker's. Miss Paterson, Prince Edward Co., at Mrs. Smith's. Mr. and Mrs. Frank VanLoven and Mrs. Wright at J. D. Wagar's.

The Lawn social at J. D. Wagar's was a decided success, nearly \$10 being realized.

A large number from here are anticipating a good time at Mr. Reid's social this Friday evening. A good musical programme has been provided.

KINGSTON.

The "know it all" correspondent, who has recently been treating the public to a few of the inside secrets of the provincial cabinet has succeeded in making a large number believe that a dissolution of the Legislative Assembly is imminent. The statement of Sir Oliver Mowat, that the house would sit for another session seemingly not being worth consideration. We are not privileged to attend cabinet meeting, but we can assure Express readers that there will be another session, and that legislation of a most interesting character, to politicians at least, will be enacted. By the late census Ontario is entitled to another representative and a seat for him must be found somewhere. A general redistribution of the seats will likely take place. The unsatisfactory method existing in Toronto must be changed. The farmers in the township of Kingston should take steps to have the township placed back with the county. The farmers are dissatisfied with the present condition of affairs, and in view of the fact that the city is now populous enough to sport a representative of its own, the government should do the gracious act by removing the grievance.

The first regular session of the council since holidays was held on Monday evening, Mayor Polson being absent through illness, Alderman McKelvey graced the civic throne. Affairs ran along smoothly until the Committee on Parks presented its report asking that an appropriation of \$100 extra be granted and that the amount be taken from Streets' Committee. Mr. Streets' Committee said "no you don't," and the fun began. From a council of well behaved, intelligent Aldermen it was transformed to the proverbial "bear garden," incivilities and jangling making the atmosphere sulphurous with personal venom and spite. The session lasted until near midnight.

The laying of granolithic walks, the grading of Princess street, and the substitution of electricity for horse cars is under full swing. The city presents an animated appearance and in a few weeks Kingston will evolve from a "hayseed village" so far as local improvements is concerned, to a metropolitan town.

Mayorality candidates are said to be thicker than grasshoppers, but the probabilities are that nomination day will serve as a cooler to their aspirations. It looks very much like a three cornered fight between Aldermen Christopher Robinson, J. C. Hardy, and Dr. Herald. Ben Folger's dark horse has not loomed up yet.

Cottolene

A SHORTENING.

Down the street through the busy way
A lady passed on marketing day.
Who, pausing at a grocery store,
Stepped quickly in at the open door.
With bated breath and anxious mien
She queried: "have you COTTOLENE?"

The grocer, leaving off his work,
Interrogated every clerk;
But none up to that time had seen
An article called "COTTOLENE."

"What is it?" said he to the dame,
"That answers to this curious name.
What is it made of? What's its use?
My ignorance you'll please excuse."

"You're not the merchant for my dimes,
I see you're quite behind the times.
For COTTOLENE, I'd have you know,
Is now the thing that's all the go,
An article of high regard;
A healthful substitute for lard.
Its composition pure and clean;
For cooking give me COTTOLENE."

As from his store the lady fled,
The grocer gently scratched his head—
On his next order, first was seen,
"One dozen cases COTTOLENE."

The Napanee Express.

NAPANEE, FRIDAY, SEP. 8th, 1893.

THE LIBERAL LEADER.

While Mr. Laurier is in Ontario it is almost certain that he will deliver an address at Napanee. Arrangements are being made to secure a monster Reform meeting in this town at an early date, but the precise time is not yet fixed. Some time ago Mr. Laurier promised D. W. Allison to speak for him at Napanee, and in next week's Express we hope to be able to announce full particulars. As the liberal leader is one of the best orators of the day, there will, of course, be a very large number of persons of all shades of politics anxious to hear him. Consequently some large place must be secured to accommodate those who will attend. It is probable the meeting will be held in the Driving Park, the large seating capacity of the grand stand being admirably adapted for the purpose. A platform could be erected in front of the stand to accommodate Mr. Laurier and his friends, leaving the entire stand for the audience. Should there be a larger attendance than the stand will seat there will be plenty of room to still secure a good place for hearing the speeches on each side and in front.

OUR ANNUAL.

THE NAPANEE EXPRESS CANADIAN ANNUAL FOR 1894 is now in the press and will be issued early in December, so as to make a beautiful Christmas annual somewhat similar in appearance and same size as the annual issued from this office last year, and which was so much appreciated by all the subscribers to the NAPANEE EXPRESS. The reading matter in the volume for 1894 will be found even more interesting than in that of 1893, while the illustrations are simply superb. All subscribers in arrears must pay up to secure this handsome gift book. There is positively no money in the speculation for us, but the book is given away to subscribers who pay promptly so as to encourage them in well-doing. The book will not be sent to subscribers in arrears. A large number of extra copies of the new annual have been already sold, and subscribers wishing for extra copies to mail to their friends may have the same at the nominal price of 25 cents each. The book will make a very handsome Christmas or New Year's gift, and as was the case last December will be highly appreciated by all receiving a copy.

TOWN COUNCIL

COUNCIL CHAMBER
September 4th, '93

Present Reeve Carson (in the chair), deputy-reeve Symington, and councillors Meng, Stevens, Ward, Pringle, Daly, Warner, Anderson.

A request from Mr. Bowen asking part pay for rent of room for small weigh scales was referred to Market committee.

A letter was received from Mr. McLean re fire appliances recommending the purchase of Babcock fire extinguishers. Referred to Fire Water and Light committee.

Dr. Ward reported for Finance committee as to auditors, sale of lands for taxes and treasurer's bond.

The mayor entered and took the chair. Some discussion took place as to the treasurer's bonds, and on motion the following security was accepted. Mr. Mills in \$5,000 and the Guarantee Company in \$5000. The ayes and nays were called for and all the members voted yea.

The carters for drawing hose reels to the recent fires were ordered paid 25 cents each.

Dr. Ward reported for special committee re granolithic pavement recommending special legislation be obtained if the council determined on building more of these walks in different parts of the town. Report received.

RACE DECADENCE IN FRANCE.

The Home is the True Fountain of the
Living Stream of Humanity.

It is said to be an established fact that
the French race is actually dying off.
The population decreases decade by de-
cade, not through emigration, for the
French are not an emigrating people,
but through the rapid increase of deaths
over births.

So great is the alarm over the steady
depopulation of the country that an
alliance of philosophers has been orga-
nized. They have been holding a congress
this month to examine the causes of the
serious drift of things and to devise
methods to prevent the French race
from finally becoming extinct.

These wise men declare that the
French die off faster than do any other
European people, and that the births fall
more and more each year to supply the
gap caused by the deaths.

Perhaps this state of things is largely
the penalty of being able to say that
"Paris is France." In that great me-
tropolis the sanctity of marriage has
sunk to a melancholy level.

It is possible that the French are not
naturally so "long-lived" a race as the
more phlegmatic peoples of Northern
Europe. At all events it is none the
less true that all races survive chiefly as
the home and the family relation main-
tain the sanctity that belongs to them.—

Council went into committee of the whole on a by-law to raise money for construction of sewers, Coun. Anderson in the chair.

The by-law recited that it was necessary to raise certain sums from time to time for the construction of sewers, not exceeding in all the sum of \$10,000 nor less than \$100 at any one time, at 4 per cent interest, the by-law to come into effect on July 1st 1894, and to be voted upon at the same time and place as the elections of municipal officers.

Considerable discussion took place as to the by-law. Couns. Stevens was against the borrowing of money for sewers, and thought the town should build a little each year out of the funds on hand. Coun. Warner said that the difficulty was that there were no funds on hand for the construction of sewers and that three petitions were before the council for same now.

Council rose and reported progress and on motion the by-law was ordered changed so as to provide for the disposal of funds raised.

The truancy by-law was then discussed. Council went into committee of the whole on the by-law, Coun. Anderson in the chair. Applications for the position of truant officer were read from Philip Shorts, Charles Pollard, Chas. P. Ham, D. Hingley, E. B. Perry. The council proceeded to name a truant officer by ballot. Three votes were taken and no majority obtained. Committee, on motion, rose and reported progress.

On motion Mr. Boyes was heard as to the opening of a street near the dumping ground and said it was necessary a street should be opened, as the present approach was useless in wet weather and he recommended the opening of a street now partly opened which was over high ground.

The clerk was, on motion, authorized to take the necessary steps, on request of the board of health, to open the road.

Mr. Shewell asked the privilege of transferring his butcher's license to Mr. Loucks. Granted.

Mr. Ellis was allowed to transfer his business to the market square.

The collector was allowed until next meeting of council to return his roll.

Mr. Wickham appeared before the council asking aid. Referred to poor and sanitary committee with power to act.

Coun. Anderson called attention to the need of a crossing on Robert street. Referred to street committee with power to act.

Couns. McAlister moved that the Granolithic company be requested to construct the walk opposite the Robinson store, as security for payment was provided. The motion was seconded and carried.

Various accounts were ordered paid.

The chief of police was ordered to see that the streets were not used for market purposes and that vendors be asked to stand on the square.

Council adjourned.

"Murder Will Out." Etc. Why, in many cases, blood stains fail to wash out is scientifically simple. In the first place, if that of a murdered person, it is seldom attempted. In the next place, blood contains a good deal of oxide of iron, which sinks deep into the fibres of wood and proves indelible to ordinary washing. Stone of a porous nature and wood not particularly hard are therefore peculiarly susceptible to blood stains because of this oxide. Unhappily for the weird adage that "blood won't out," pig blood is just as good for sticking as the blood of man.—Science Four Tons.

AN OLD MAN'S STORY.

HIS FRIENDS HAD GIVEN UP HOPE
OF HIS RECOVERY.

Mr. George Rose, of Rednersville, Relates
the Story of His Suffering and Release -
Feels as Well as he did at Forty.

From the Daily Cataro, Belleville.

Four miles west of Belleville, in the county of Prince Edward, on the southern shore of the beautiful and picturesque Bay of Quinte, is situated the village of Rednersville, a charming place of about four hundred population, composed quite largely of retired farmers. Of late years the picturesque location of the village has given it some prominence as a summer resort, where may be enjoyed the cool health-giving breezes of the bay. But even in this charming locality disease finds its way, and when the epidemic of la grippe swept over Canada, Rednersville was not spared a visitation. Among those attacked was Mr. George Rose, a life-long resident of the village who had already reached the allotted span of life. Mr. Rose had enjoyed remarkable health until he was taken down with an attack of la grippe, when grave fears were entertained for his recovery. In a few months he recovered sufficiently to again move about, but not with his accustomed vigor. Mr. Rose had scarcely regained his health when he was seized with another attack of this dread disease, worse than the first. This had a telling effect upon him and his family feared consumption had claimed him for a victim. A physician attended him regularly but seemed unable to give him any relief. However, all that medical skill could do for him was done, but daily Mr. Rose's condition grew worse, and in March of this year his condition was so low that his family, like himself, had given up hope of his recovery. During the last month the general talk about the village and the surrounding country has been the remarkable cure of Mr. Rose by the use of Dr. Williams' Pink Pills. The case created such a sensation that a reporter of the Ontario, personally acquainted with Mr. Rose, determined to call on him and learn the facts of the case from his own lips. Mr. Rose was found a picture of health and activity for one of his years, and expressed his entire willingness to tell his story for the benefit of others. "I am," he said, "a well man, and do not hesitate to give the credit to Dr. Williams' Pink Pills for saving my life. I had three attacks of a grippe and continued to grow worse up to March of this year. At that time I was so reduced in flesh and strength I could hardly stand alone. In fact I was a mere skeleton. I could not eat because I had no appetite. I could not sleep because my legs and feet became so badly swollen and cramped that my wife would have to rub them before I could get rest. The pain was at times so violent that I could not refrain from screaming, and I would tumble about in bed and long for day to come. If I attempted to get up and walk I was apt to fall from lizziness. I took medicine from the doctor, but it did not help me and I was so discouraged that I felt death would be preferable to my misery. I did not think I could live more than a few months when one day I read in the paper of the cure of a man whose symptoms were like mine. I must say I did not have much faith in the remedy, but felt as though it were a last chance. I sent first for a box and by the time it was half gone I found that my appetite was getting better, and in other respects I could notice an improvement in my condition. By the time the box was gone there was a still further improvement. I continued

A Summer Moon.

Queen moon of this enchanted summer night,
One virgin slave companioning three—I lie
Vacant to thy possession as the sky
Conquered and calm by thy rejoicing might,
Swing down through my heart's deep, thou dewy
bright
Wanderer of heaven, till thought must faint and
die.
And I am made all thine inseparably,
Resolved into the dream of thy delight.
Ah, no! the place is common for her feet,
Not here, not here—beyond the amber mist,
And breaths of dusky pine and shining lawn,
And unstirred lake, and gleaming belts of wheat,
She comes upon her Latmos, and has kissed
The sidelong face of blind Eudymon.

The Telephoto.

A new apparatus termed the telephoto and intended for signaling at sea by night has been brought out by an engineer resident at Vienna. There is an aluminium mast from ten to thirty feet high, a battery or dynamo, a cable of electric wire, and a transmitter keyboard of thirty-seven keys. On the mast are arranged 106 incandescent lamps, which can be manipulated to form the signs of the Morse alphabet. Seventy-two letters a minute, it is stated, can be shown on the telephoto, clearly visible three miles in daylight and ten miles at night.

Hollway's Pills.

In cases of chronic indigestion, disordered liver, and general debility, these Pills are wonderfully effective. They indeed have so general and powerful an effect on the whole system that they clear away or ward off most of the ills that flesh is heir to. They cleanse the bowels, purify the blood, correct the bile, give tone to the stomach, excite a healthy appetite, procure sound sleep, and impart increased energy to both mind and body. The admirable properties of these far-famed Pills are too highly appreciated to require any recommendation here, as they are resorted to by rich and poor of every nation. The cures they effect are not temporary or imperfect, but they bring about a marvellous and most beneficial change throughout the entire body, and enable it with renovated powers to resist the approach of a future attack.

A large manufacturing concern like that of S. Davis & Sons, which has won its way to the top of the ladder and held that position for a quarter of a century by the unvarying high quality of its goods, can surely be depended upon for the future. Look for this label on the inside cover.

Misplaced Confidence.

erly made my life miserable had disappeared. The swelling left my limbs, the dizziness disappeared and I felt better than I had in four years. I know that it was Pink Pills and them only that brought about the change because I was taking nothing else. I have taken in all seven boxes and I feel as good now as I did at forty years of age. Last winter I was so bad that I could not do my own chores, and now I can do a good day's work. My friends congratulate me on my regained health and I don't hesitate to tell them that I owe my life to Dr. Williams' Pink Pills. Many others hereabouts have found similar benefit. Last spring my niece was looking pale and feeling weak, and I advised her parents who were very uneasy about her to try Dr. Williams' Pink Pills. The result is that she is now the picture of health. You may say that I would not be without Pink Pills in the house, for I firmly believe they will do all that is claimed for them if they are given a fair trial." In fact it appeared that Mr. Rose could not say too much for Pink Pills and as the reporter drove away he again remarked, "do not forget to say that I owe my life to Dr. Williams' Pink Pills." In conversation with several residents of the village the statements made by Mr. Rose were fully corroborated.

Druggists say that Dr. Williams' Pink Pills have an enormous sale, and from all quarters come glowing reports of results following their use. In very many cases the good work has been accomplished after eminent physicians had failed, and pronounced the patient beyond the hope of human aid. An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. They build up the blood and restore the glow of health to cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N.Y., and are sold in boxes (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address.

LAURIER AT NEWMARKET

FOUR THOUSAND LISTEN TO THE
LEADER OF THE OPPOSITION.

Mr. Laurier, in a Ninety-Minute Speech Says Little That is New—He has Something to Say About Sir John Thompson—Other Addresses.

NEWMARKET, Sept. 6.—Farmer William Mulock of North York has reason to congratulate himself on the success of the political lovefeast held here yesterday. The reception tendered to Hon. Wilfrid Laurier was one of the most magnificent affairs of the kind ever witnessed in Canada.

Fully 4000 residents of North York and West Ontario took part in the demonstration. There were no sideshows to distract the attention of the crowd, no noisy fakirs to disturb the speakers and none of the confusion and general cussedness which too often characterizes gatherings of this kind.

Some capital anecdotes were told and the crowd were kept in good humor, but there was an utter lack of enthusiasm. Even the Liberal leader received very few cheers.

While Mr. Laurier was speaking the supports of the temporary platform which had been erected broke and the entire party, including several ladies, were precipitated to the ground. No person was hurt, or even scared, however.

Hon. Mr. Laurier arrived at Aurora at 9.50 on the Northern.

Although a large delegation had assembled to meet the Opposition leader, not the faintest approach to a cheer greeted him when he stepped from the train and entered the carriage in waiting. A procession was then formed, headed by a mounted escort and the 12th Battalion Band, and the party proceeded along Wellington, Yonge and Mosley streets, which were handsomely decorated with streamers, arches, bunting and flags, to the town park.

Mr. H. W. Fleury, Mayor of Aurora then read an address to Mr. Laurier, welcoming him to the town and testifying to his worth.

Mr. Laurier in reply said he was pleased to receive an address from a council composed of both political parties. He respected Sir John Thompson, but would rather fight the dead Sir John Macdonald, who was ever a generous opponent. He had noticed by the address that they wished him health and strength. The health and strength that he was seeking was political

the British flag floats in Canada. I know this cry of French leader will have no effect. This constituency elected one of my own race and creed, Mr. Lafontaine. We stand upon broader ground than that—on the ground that we are all fellow-Canadians. I come here in the spirit of Lafontaine when he came to you or to your fathers 50 years ago. Nay, more. I come here in the spirit of Confederation, because if there is one thing more than another, it is that Confederation was made to blend all those conflicting elements we have in this country and to make one nation, one nationality of all. [Cheers.] It was in this spirit the convention at Ottawa was held recently, where men from all the provinces met together, because they held in common the principles for the guidance and government of this country. Though divided in origin we are yet united by the common brotherhood and common nationality.

The speaker denied that the country was prosperous. The Government says it is satisfied with the condition of Canada. Of course it is. The Government is always satisfied so long as it is in power. Sir John Thompson has just returned from England, where he fulfilled an important mission—that of arbitrator on the Behring Sea case. The first thing he said upon his arrival was that he was highly satisfied with the award. True, his views were not endorsed by the arbitrators, still he was highly satisfied. He wanted the zone reduced, he wanted the close season changed and he wished sealers to be allowed the use of firearms, and not one of his contentions was granted. Still he was highly satisfied. So much satisfaction under so many rebuffs is an exhibition of Christian resignation not often met with in these evil times. I don't remember a single case where the precept, If you get smitten on the right cheek turn also the left, is so applicable.

When Sir John Thompson gave his views before the commission he was sincere in those views, and in his judgment. If he believed he was in the right then he believed his colleagues were wrong. If he had said he was vexed at the result we might have understood him—that is a frailty we are all liable to. But Sir John looked at the matter from two sides. As judge he held one opinion, and finding his pretensions untenable he then viewed the matter as a politician. If he said he had been mistaken it would create a bad impression. So he put to his lips the language that was not in his heart. When Lincoln was asked how he felt after his defeat by Douglas he replied: “Well, I feel

advantages to the United States in return for other advantages. It is simply slavery to say we shall not do the best we can. I am loyal to England and I am still more loyal to Canada—not because I love England less, but because I love Canada more, and I say it is slavery to say we must not do the best we can for ourselves should the fact of my being a Canadian British subject deprive me of doing the best I can for Canada.

There is another question which at this moment is seriously affecting the peace of some Conservative editors. I would not have spoken to-day on this question, but I have been challenged to speak on it. The Montreal Gazette, you know, is a chief organ of the Government, and day after day for the past two months they have been after me asking why does not Mr. Laurier speak on the Manitoba school question. I will give you what The Montreal Gazette said on the subject in its issue of July 14, and this has been repeated again and again by all Conservative newspapers. This is how it reads: “Mr. Laurier keeps the secret of his opinion on the Manitoba school question securely locked up under his hat. Nothing can apparently induce him to take the public into his confidence. Upon any other political subject he will talk by the hour and deliver opinions with refreshing candor, but upon the school question his views are either too sacred or too delicate for the public. We fear Mr. Laurier has a good deal of the coward in him.” [A voice: “That's good.”] A good deal of the coward in him, and I hear somebody say good. I don't know whether he is a Conservative, but I presume he is. Who are the men, I want to know, who hurl the stigma of cowardice at me? Who are the men who hear and do not fear the use of such a word as this? Why, sir, the Government and their organs. The men who had to deal with that question again and again and crept into every rat hole they could find. [Cheers.] The men from whom you could not extract an opinion even with a surgical operation. These are the men who accuse me of want of courage because I did not speak upon the Manitoba school question—these men who, having to deal with the question, referred it to the courts without giving an opinion. These are the men who themselves, in refusing to give an opinion, acted the parts of cowards. God helping me, whenever I have an opinion to give on a subject I will stand up and give it. But this scheme is too thin. I know too much to be caught by that little game. The question is before the courts now, and

health and strength, and he hoped with the help of his Liberal friends and the sympathy of Conservatives to be successful. In the meantime he advised his friends to keep their powder dry.

Dr. Coulter, on behalf of the Aurora Reform Association, then presented Mr. Laurier with an address, in which they assured the recipient that all circumstances indicated his call to power at an early date.

Mr. Laurier said that this address was of a different character from the other. It went at once into the political questions of the day, therefore he did not think he would answer it at the present time. He had a good many things to say which perhaps it would not be well to answer on these grounds.

The procession was then re-formed and proceeded along Yonge-street and the town line to Williams' Grove, half a mile from this town. The procession was fully one and a half miles in length, and included large delegations from Stonville, Nobleton, King City, Lloydtown, Schomberg, Kettleby, Holland Landing, Bradford, West Gwillimbury, Sharon, Mount Albert, Queensville, Keswick, Belhaven, Sutton, Pefferlaw, Brownhill. Among the bands in the procession were those of Newmarket, Aurora, Nobleton, Kettleby, Stonville, Bond Head and Mount Albert. Farmers along the line of march had decorated their places, and Mr. Mulock's farmhouse was resplendent even to the rustic fence and the lightning rods.

On arrival at the grove Mayor Lloyd, on behalf of the Newmarket Council, presented Mr. Laurier with an address, and Dr. Coulter, Vice-President of the North York Reform Association, also read an address.

President W. Cane of the North York Reform Association opened the ball at exactly 1.30 o'clock. By that time 4000 people had assembled in front of the grand stand.

In the course of a short address Mr. Cane stated that everything good in legislation that this country had enjoyed came from the Reform party. Concluding he said: "We have been weeping under the willows for 18 or 20 years. Come out, there are better times in view." [Cheers.]

Farmer Mulock prophesied that the Reformers of Canada would never falter in their allegiance to Mr. Laurier until he had been elected Premier. The industries of Canada are, as it were, wrapped up in a napkin to-day, and it is time that a change of Government took place to sweep down the barriers.

Mr. J. D. Edgar, M.P., said it was meet that West Ontario should be the first to welcome Mr. Laurier in this campaign, since the riding had once elected a distinguished French-Canadian, the late Mr. Lafontaine. He referred to the Dominion Government as a patchwork quilt, with a patch of orange here and patch of green there. He believed with Mr. Laurier that religion should not be introduced into politics. Neither one nor the other was benefited thereby.

Mr. E. J. Davis, M. L. A., put in a word for Sir Oliver

Dr. Landerkin, M.P., followed with some nice things in reference to Farmer Mulock, and also told a story or two applicable to "the cradle of liberty and reform." "There never was a time when constitutional reform was needed so much in Canada as to-day," said the doctor.

Mr. Laurier's Address.

The leader of the Opposition spoke for 90 minutes. He said little that was new, and his remarks were applauded at rare intervals. After thanking the audience for the reception he said that he realized the honor was not being paid to him personally, but to the man who has the honor of being the standard-bearer of the Reform party in this Dominion. Continuing he said: I have been referred to as an honest man. I have been referred to in this way so often that I am becoming tired of hearing it. I am entitled to no praise for being an honest man. But I claim to be what I am. Your representatives elected me as the standard-bearer of the party. I did not seek the position. I did not ask for it. I would have been satisfied to serve as a private in the ranks. For reasons tactical I should have preferred, you had chosen some one of British nationality and British blood. But above all we are Canadians. [Cheers.] Some of the Tory party—not all of them, I know, but some of them—are attempting to make out that I am not a Canadian. The Hamilton Spectator taunts the Liberals in Canada with having a French leader. Your leader is a Canadian, I am bound to say, a Canadian first, last and always. [Cheers.] I am of French origin, and I am proud of my origin. But proud as I am of my origin I am prouder still of being a Canadian. [Cheers.] My home is wherever

like the boy with a silver in his toe—too badly to laugh and too big to cry." If Sir John Thompson had said that he might have understood him.

Speaking of the claim of the Government that the National Policy was the acme of perfection, he said there was ample evidence that the country was not as prosperous as it ought to be. The story of the two boys who feasted on melons and thought they were delicious until, when daylight came, they observed they were pumpkins, was introduced. The Government told us, said Mr. Laurier, that we are eating melons, but, gentlemen, it is pumpkins they are feeding us on. It is no use feeding us on words. People want something more substantial. Our opponents tell us they are going to reform the N.P.

At this stage there was a crash, and the platform, which was crowded with people, collapsed. The ground was only four or five feet below. Mr. Laurier, when he felt the floor sinking, made a grab for the rafters, but missed them and sank out of sight with his hands uplifted. There was no person hurt, however, and strange to say no confusion. The reporters loaned Mr. Laurier one of their tables, which was placed in front of the wrecked platform, and standing upon this the Opposition leader continued his address.

I was saying, Mr. Chairman, when this mishap occurred, that the N.P. cannot stand as it is. I take this as an omen that the Government is going to break down as this platform has broken down. They say the tariff must be reformed. The only question is as to how it must be reformed. The Conservatives say on the line of the N.P., we say on the line of freedom of trade. Those who claim to be so loyal adopt their trade policy from the United States. I, who also claim to be loyal, but my loyalty does not ooze out at my boots, say let us take our cue from Great Britain. For many years we have to raise our revenue, but even now I claim we can reform the tariff with free trade as the ultimate goal, and only raise a revenue for the government of the country. Although I do not pretend to be a prophet the day is coming when free trade will be the policy of this country, and when not a cent of taxes will be levied for the purpose of putting money in the pockets of any class. This is the ground upon which I stand to-day.

Mr. Laurier then charged the Government with levying taxes not for the purpose of revenue, but to enrich a class, and instanced the removal of the duty from raw sugar and the levying of a duty of five-eighths of a cent on refined sugar, by which change the Government, he claimed, had placed \$600,000 in the pockets of the sugar refiners.

The charge of The Montreal Gazette, that if boots and shoes were admitted free the manufacturers would go out of business, he met with the statement that in Quebec the proprietors of the 10 largest boot factories in the Dominion were all Liberals and in favor of tariff reform. As to the same paper's claim with respect to agricultural implement manufacturers, the presence on this platform of Mayor Fleury of Aurora was a sufficient answer.

Continuing, Mr. Laurier said the policy of freedom of trade could alone give the farmer the full benefit of his work. He claimed that there was not a single farm in this Province which could sell at within 25 per cent. of what it did in 1889. We are told by the Conservatives that they are going to reform the tariff, but they intend to reform it in the line of protection. I will not be satisfied till every vestige of protection disappears from Canada. When that will be I do not profess to know. But that is one of the planks of the Liberal platform.

Referring to the claim of the Government that it is in favor of reciprocity with the United States in natural products the speaker charged his opponents with insincerity, and claimed that they could have secured such reciprocity had they been willing to include certain manufactured articles. It was contended that to do this would injure manufacturers. "I don't admit this," said the speaker, "but it is true that a choice would have to be made between the farmer and the manufacturer—then I prefer the farmer. I stand by the farmers of Canada. I do not come here as a demagogue to flatter your passions. I speak this way because the farmers represent 75 per cent. of the population and the farmers are the basis of every country. We can live without the manufacturer, we can live without the doctor and perhaps without the lawyer, but certainly not without the farmer. What I say in the country I will say in the city.

We are charged with being disloyal because we advocate giving certain ad-

dition I speak I will be impeached either in Ontario or Quebec. But I am too old a bird to be caught in this way. If the question ever comes before Parliament I will have no hesitation in giving my opinion, as I did before when it came. I then said if the allegations in the petition were true that the schools were not public but Protestant, that Catholics were forced to send their children to them, I said it was an act of tyranny, and the Government should investigate and see if the petition were true. But the Government would not express an opinion. I say the petition was not sent to me. Let The Gazette look to Government, to whom the petitions were sent.

I have been asked when will we have the elections, and what will be the result? I am not in the confidence of the gods, but it is stated in Scripture that death comes like a thief. The Government will come like a thief, but when they do come I will do my best to have justice triumph this time.

This question was handed to Mr. Laurier: In case Ontario votes in favor of prohibition on the plebiscite what action will you take on the question?

In reply, Mr. Laurier said the Liberals in their platform had already decided to take a plebiscite and, concluded the speaker, "of course if it is the will of the people the people will have their will."

Mr. John Charlton, M.P., assured his hearers that, although not British-born, Wilfrid Laurier filled the bill—he would suit everybody. He then told his famous bull-pup story, and blamed the low prices of grain on the National Policy. To attain the prosperity of the Mackenzie regime the tolls had to be taken off the markets of the great country to the south of us. Speaking of Mr. Bowell's visit to Australia, the speaker ridiculed the idea of sending a man to a country the trade with which could not be increased a million dollars in seven centuries.

Mr. James McMullen, M.P. for North Wellington, said he could promise if Mr. Laurier ever became premier he would not have a Langevin in his cabinet to rob it of \$10,000 to distribute among his relatives; he would not have a Caron to rob the treasury and divide the spoils among his constituents. If ever a country needed an honest Government, God knows Canada does to-day. "The Tory party have been squirming and wiggling and twisting like the fisherman's eel," said Mr. McMullen, "but by the powers they are cooked—and they cooked themselves."

Hon. A. S. Hardy, who said he only came to listen, remarked that there was no county on earth equal to the County of York, and Mr. Laurier was the peer of all illustrious predecessors who had shed lustre in the past in Canada. [Cheers.] Mr. Hardy then entered into a defence of Sir Oliver's Government, and stated that the only charge made against the Government was that one of their officials ate too many eggs. Mr. James Sutherland, M.P., proposed three cheers for the Queen and Mr. Laurier and the audience dispersed.

A BABY BREAKS ITS NECK.

The Little One Fell From a High Chair and Died Instantly.

PHILADELPHIA, Sept. 6.—The infant son of Mary Delimo, who resides at 2627 Memphis-street, met death last night in a peculiar manner. The child, who was but 8 months old, was sitting in its high chair at the supper table while its parents were eating.

The little one reached forward to secure something that attracted its attention and fell. Mrs. Delimo tried to catch him, but was not quick enough and he fell to the floor, striking his head and breaking his neck.

CHARGED WITH BIGAMY.

Benjamin Plowman of Weston Said To Have Two Wives.

TORONTO, Sept. 6.—Considerable trouble is liable to be the lot of Benjamin Plowman, the proprietor of a foundry in Weston, and an old citizen of that place, on account of a warrant which has been issued for his arrest on a charge of bigamy.

Plowman was married in 1856 to Mary Moore in a small church in Adelaide-street east, and the certificate of this marriage is now in the hands of the Crown officers.

It appears from information received from Chicago that in 1892 Plowman secured a divorce from his wife on the grounds that she had deliberately left him without any apparent reason.

A few months ago Detroit was the scene of Plowman's second marriage to a woman named Dixon, according to information received from that city.

GLADSTONE'S WISH OBEYED.

THE HOUSE AGREES TO HOLD SATURDAY SITTINGS.

The Government to Have the Whole Time of the Commons For the Rest of the Session—Gladstone's Motion Passed Under Closure.

LONDON, Sept. 6.—In the House of Commons last night Mr. Gladstone moved a resolution to give the Government the whole time of the House for the rest of the session, to suspend the 12 o'clock rule and to appoint Saturday sittings. After debate the resolution was adopted under closure.

In making the motion the Prime Minister announced that the Government hoped only to be able to deal with the Employers' Liability and Parish Council bills at the autumn session. He said he would not deny that the resolution was a stringent one, but the case was one of urgent necessity. The autumn session, he added, would be exempted from the suspension of the 12 o'clock rule.

Mr. Balfour protested that an autumn session would overburden the legislative machine. He hoped the resolution would be modified so as to limit the Saturday sittings to the time devoted to the Supply bill.

Sir Charles Dilke expressed strong approval of the Government's policy.

Mr. Chamberlain warned the Government that its opponents would be compelled to follow its example in the future.

Sir William Vernon Harcourt, Chancellor of the Exchequer, announced that it was not the intention of the Government to use the Saturday sittings as an ordinary instrument for the transaction of business.

Mr. Sexton promised the Government the utmost assistance of his party for the carrying out of the autumn program. He regretted, however, that no reference had been made to the Evicted Tenants bill.

Mr. Morley, Chief Secretary for Ireland, in reply, expressed regret that it was impossible to provide time for the discussion of bills, even of such an important one as the Evicted Tenants measure.

James Stuart and other Radicals protested against the Government's neglect of London reform measures. Mr. Howell, member for Bethnal Green, declared that the Government would discover its mistake at the next general election.

Three amendments aiming at a modification of the resolutions were rejected, and

THE IRISH BILL IN THE LORDS

EARL SPENCER MOVES THE SECOND READING.

He Avers That Home Rule Is the Only Solution of the Irish Question and Declares That the Gladstonian Plan Will Satisfy All Ireland's Aspirations.

LONDON, Sept. 6.—The House of Lords was filled with members and visitors eager to hear the debate on the Home Rule bill opened. Although the Conservative whips will not muster their full force before the evening of the final division, the Opposition had in attendance to-day five members to one on the Liberal side. The galleries were filled with peacocks. The strangers' gallery was packed to suffocation. A peculiar feature of the crowd was the conspicuousness of the clerical element.

Earl Spencer, First Lord of the Admiralty, moved the second reading of the Home Rule bill. He claimed for the Government all honesty of intention in its work for the bill and credited the Opposition with being equally conscientious. He reviewed at some length the history of Ireland since the union. All the so-called remedial measures of the successive Governments, he said, had come too late to help the country, even had they not contained Radical defects, which would have rendered them useless early or late. His own personal experience satisfied him that Home Rule was the only possible solution of the Irish question.

After dwelling upon the beneficent results to be expected from several provisions of the bill, Earl Spencer closed with the declaration that the Gladstonian plan of Home Rule was calculated to satisfy all aspirations of Ireland to self-government.

The Duke of Devonshire, Liberal Unionist, moved the rejection of the bill.

DISSENSION IN THE IRISH PARTY.

Disagreement As to the Uses of the American Fund.

LONDON, Sept. 6.—The Times says the friction between the Healyites and the followers of Sexton is growing rapidly on the one point of dispute as to whether the American parliamentary fund can be rightly applied to the relief of evicted tenants.

LONDON, Sept. 5.—At a protracted and agitated meeting of the Irish Parliamentary party yesterday, the report of the

of the resolutions were rejected, and, finally, amid cries of "Gag!" Mr. Gladstone's resolution was carried by the application of the closure rule, 162 to 95. The House then went into committee of supply.

Refused a Loan to the India Office.
LONDON, Sept. 6.—The Financial News learns that the Bank of England having declined to loan £3,500,000 to the India Office, the banking firm of Glyn, Mills, Currie & Co. has now offered a loan of £3,000,000 to enable the India Government to force the rate of exchange up to 3½d, at which figure council bills could be issued. The News also says that an import duty on silver is contemplated.

ONE LIFE LOST.

A Freight Crashes Into a Passenger Train Near Batesville, Ind.
AURORA, Ind., Sept. 6.—A Big Four freight train which was an hour late, crashed into the Indianapolis express at Batesville, Ind., yesterday. Eight or 10 persons are reported to have been killed and 20 wounded. The engineer and fireman are under the wreck.

The trains which collided were the World's Fair Big Four, express, which consisted of 10 Wagner sleepers and day coaches filled with Cincinnati people.

Many wild reports concerning the accident passed over the wires at the central depot. The first report was that 80 persons had been killed. Later reports were to the effect that only one life was lost and seven trainmen injured.

RAN INTO AN OPEN SWITCH.

Two Killed and Two Injured on a Virginia Railway.

PORTSMOUTH, O., Sept. 6.—The west-bound Cincinnati, Portsmouth and Virginia train ran into an open switch at Rardin at 3 o'clock yesterday, colliding with the work train on the siding. Fireman Robert Little of the freight and Watchman Weaver of the Rardin Coeage works were instantly killed. Engineer George Glasgow of the freight was fatally injured. Watchman Knutz of the work train was seriously injured. Both engines were demolished.

C.P.R. Freight Collide.

WINNIPEG, Sept. 6.—A collision of freight trains occurred at about 11 o'clock last Saturday night on the C.P.R. near Pilot Butte. Two freights were coming west, running at a distance of half a mile apart, when a break took place in the forward train. Engineer Highland of the second train reversed his lever and had brakes set, but was unable to stop in time, and his engine struck the forward caboose with such force that his tender was conveniently loaded into the first box car, and some of the rails with which the car was loaded bored passages for themselves clean through the two next cars. All hands but the engineer jumped in good time; he hoped for the best until the very last moment, then being hard pushed for time he jumped through the cab window, escaping with a few bruises on his ribs.

SUSPICIOUS DEATH AT ORILLIA.

An Indian Thought to Have Been Murdered and Robbed.

ORILLIA, Sept. 6.—The body of Ephraim Saudies, an Indian from Georgina reserve, was found lying alongside the railway track, a short distance from Rama, on Sunday morning. A bullet hole in the forehead, and the fact that there was no money on his body, leads to the suspicion that he was deliberately murdered.

Early Sunday morning his body was found by the side of the railway track, near Rama crossing, about one mile from the camp ground. It was at first thought that he had been struck by the north-bound train. Examination brought out the fact that the dead man had sustained a number of bruises or injuries including a deep wound in the head, such as might be made by a pistol shot.

The Indian agent, D. J. McPhée, who was seen about the matter, said he was quite convinced that the unfortunate man had met with foul play.

Several members of the band disclaim all idea of murder and foul play and assert that the deceased was under the influence of liquor, and that the injuries he sustained were sufficient to cause death.

County Attorney Farwell has been notified, and an inquest was held last night by Coroner Wade.

ARABS DEVOUR EMIN PASHA.

They Cut Off His Head in the Congo State and Eat the Corpse.

LONDON, Sept. 6.—Rev. Mr. Swann, a missionary who has just returned from Ujiji, on the east shore of Lake Tanganyika, says that it is impossible to doubt honestly that Emin Pasha is dead.

"The most circumstantial reports reached me from four independent sources," said Mr. Swann, "all agreed as to the details."

"The Arabs everywhere in Africa are rejoicing over his death."

According to the reports received by Mr. Swann, Emin had arrived at the residence of Seyd Ben Abed, in the country of the Manyemas, in the eastern part of the Congo State.

A party of Arabs approached and asked Emin: "Where are you going?"

"To the coast," was Emin's reply.

The leader of the Arabs, who was armed with a scimitar, then stepped up to Emin and said: "You are Emin Pasha, who killed the Arabs at Victoria Nyanza."

Without waiting for an answer he struck off Emin's head with the scimitar. Emin's body was thrown to the Manyemas, who ate it.

Subsequently the Manyemas murdered Emin's Nubian followers and ate them.

Mr. Swann, says that these details have been so often repeated that in Ujiji nobody has the slightest doubt as to their correctness.

CHINA AND SIAM.

The Celestials May Upset All of France's Claims—England Losing Prestige.

LONDON, Sept. 6.—The Times' Bangkok correspondent reiterates that England is attacked throughout Siam, and has already lost prestige in the East thereby. The Chinese are preparing in Yun-nan and Quang-si to protect their interests on the left bank of the Mekong River, and the French are likely soon to find themselves in a disagreeable dilemma, unless they effectively occupy the annexed territory now being evacuated by the Siamese. China may practically assert her rights of sovereignty over Siam, which she has never practically abandoned, while if the French do occupy the country they will find their Chauvinism policy extremely expensive. The French commander at Chantaboon has asked for reinforcements from Saigon, as he considered his position unsafe.

TRAGEDY AT ST. ANDREW'S, QUE.

An Old Man Named Carkner Shoots a Bailiff's Brother.

ST. ANDREW'S, Que., Sept. 6.—This usually quiet place is all excitement over the shooting of Frank Bryerton, sr., brother of Joseph Bryerton, bailiff of Carillon, by an old man by the name of Carkner, at about 1 o'clock yesterday. Bryerton is now on his deathbed at the convent, where he was taken about 4 o'clock this morning by Rev. Father Dugas and Dr. Legault. Carkner arrived here early this spring from Hawkesbury, Ont., to take up house with his daughter, Mrs. McGoldrick, who is not living with her husband at present. No arrest has been made so far.

Carkner is taking the matter very coolly to-day and is at work shingling his house. He offered to give himself up to Mayor Walsh this morning.

IRISH TRADES UNION CONGRESS.

The President Denounces Strikes as Criminal Folly and Urges Arbitration.

BELFAST, Sept. 6.—At the Trades' Union congress in Ulster Hall yesterday morning Samuel Monroe, the new president, spoke at length concerning the labor question in the United Kingdom. He believed, he said, that trades unionism was destined to be an honored instrument in freeing Ireland from the terrible incubus of religious bigotry and political intolerance.

He denounced strikes as criminal folly in all cases where the resources of civilization had not been exhausted in efforts to avoid the use of such extreme measures.

He also spoke of strikes as the "forlorn hopes of the working people." He expressed the hope that the results obtained by the royal labor commissioners from their investigations would be crystallized in a system of conciliation and arbitration which would make industrial warfare far more infrequent than it now is.

It simply cannot be beaten at the present time in the production of all kinds of job work from a small card up to a quarto bill, or in the printing of color work for labels, circulars, programmes, etc., etc. In a few days a large lot of new type will be added to the already large plant on hand.

The Opera House Burned.
Last Sunday morning about six o'clock fire was discovered issuing from the roof of the Opera House, owned by Messrs. Perry & Brisco. The fire alarm was immediately sounded but the fire had great headway before being discovered and flames nearly twenty feet high were wafted above the building by the breeze. It was thought that to save the building was an utter impossibility, but in less than a minute and a half after the alarm was sounded the firemen had a stream of water playing on the building, and in four minutes three more were throwing out their death warrant to the crackling flames. By the prompt and hard work of the firemen the entire block, with the exception of the Opera House, and some slight damage done to the Brisco House and Warner property, was saved. All the fine scenery was destroyed, and the piano, on which there was insurance of \$200 was almost made

COAL!

Notwithstanding the assertion of some people that I am no longer a "public benefactor" since my business is established, I desire to inform the community generally that it was my view when starting business to reduce the price of coal so that mechanics and laboring men would not be compelled to pay more than a reasonable living profit on the article, and I intend as long as I remain in business to study the interests of my fellow citizens, as well as my own. To prove my assertion I give facts and figures below which defy contradiction. At the beginning of my first year in business there was an arrangement on the part of the old coal dealers to sell coal at \$6.25 per ton cash. I, that year, brought the coal down to \$5.50, thereby giving the public a saving of 75c per ton. That year and the present compare as follows:

	1890	1893
Coal per net ton F. O. B. Oswego	\$5.66	\$4.24
Freight	25	41
Unloading	18	18
Screening	10	10
Loss per ton in screenings	16	19
Delivery	30	30
	\$4.65	\$5.42
Selling price	5.50	6.25
	85	83

From which should be deducted regular business expenses, interest, insurance, rent and office expenses 34 34

Profit per ton 51c 49c
From the above can be seen at a glance that the profit was 2 cents more per ton my first year than the present one. Other items of cost might justly be added to the above, such as appliances for handling, proper sheds, repairs, etc., which would all combine to further reduce the profits. Saying nothing of bad debts, and shortage, any intelligent person can see the profit in the coal business, where a large stock is carried from season to season is not sufficient to induce many to invest the necessary amount to carry on the business, (entailing much risk) with a possible profit of 9 per cent. Had I assisted in keeping the profit up to win 20 per cent. as it was when I began business I would be exacting an exorbitant price, as I am now UNJUSTLY ACCUSED of doing. I understand there is a cargo of coal being brought to town for which orders are solicited before the 20th inst. at \$5.50 PER TON ON THE DOCK, which with present freight rates and other conditions is no better value than I can give you for FIRST CLASS, PROPERLY SCREENED coal placed in your bins in good order at \$6.25 per ton, or well screened and weighed for you in the yard for \$6.00 per ton. Bear in mind that I guarantee to supply my customers the whole season as will be impossible in the other case. My coal is this year the best I ever had, LIGHT, DRY AND UNDERCOVER. Thanking my many friends for their liberal patronage during the past and assuring them of my best endeavor to serve them promptly and to their satisfaction in the future. Inspection before purchasing invited.

Yours truly,

T. R. DAFOE

"Among the Breakers."

In consequence of the fire at the opera hall, Sunday, the Dramatic Club gave their new production, "Among the Breakers," at the town hall, which was fitted up on short notice with stage scenery from the old opera hall. The attendance was large, all the seating capacity being well filled with an appreciative audience. The play produced is a mirth provoking drama, the funny characters being well filled by Messrs. J. S. Robinson, J. T. R. binson, W. J. Normile and Miss Eva Robinson. "Among the Breakers" is one of the best plays the Dramatic Club has presented, a not too intricate plot being gradually developed and maintaining the interest of the audience to the end. Messrs. W. D. Madden, J. F. McAlister, F. Rockwell and Mrs. J. S. Robinson played the serious characters with dramatic force, while Misses A. L. Tirrell and N. Pringle were successful in a lighter vein. The principal characters in the play are David Murray, the villain of the piece, which was so well presented by Mr. W. D. Madden as to receive the plaudits of the audience; Peter Paragraph, the funny man and newspaper reporter, by Mr. J. S. Robinson, whose sallies called forth repeated bursts of laughter, and whose "make up" was very artistic; Scud, a colored servant, by J. T. Robinson, whose humorous rendering fairly convulsed the audience, and Mother Carey, by Mrs. J. S. Robinson, whose rendering of a fortune-teller and witch was good. The play ran smoothly from beginning to end, and showed great care in the getting up of the parts by all engaged. A very efficient orchestra furnished music incidental to the play.

Disabled Ferry Boat.

On Friday last while the Rev. S. J. Shorey, of Napanee, in company with some friends were crossing Hay Bay ferry, they found the boat was leaking, but fortunately not fast enough to fill the boat until all were safely on shore. The harm done to the boat was not much. When coming to the shore to take on Mr. Shorey and team, the boat passed over some stones, the ruder striking and springing the end of the stern plank to which it was keyed so as to open a crack nearly an inch wide. The man running the boat did not think to look what harm was done but took the team on and started to cross the bay, and when about half way over he noticed the boat was taking in water. By having a load on, part of the crack let in water, and as the water accumulated causing the boat to settle the water came in the faster, but shore was safely made. I wish to say I have the boat thoroughly repaired and made safe against a like accident and am running all right. N. Woodcock, Hay Bay Ferry.

The friends who were with Rev. Mr. Shorey, as above mentioned, were Mr. G. M. Elliott, collector of customs, with Mrs. Elliott, son Launcelot, and Mrs. Adams, who were on their road to attend a Sunday school convention and harvest festival held in a grove in South Fredericksburgh, near the old first Methodist church, Adolphustown. Messrs. Shorey and Elliott were down on the programme for addresses and just arrived at the ferry as the boat was leaving. The boat was called back and in going so it grazed the rocks as stated. The full story of their danger is not however told. Their escape was indeed providential, for had it not been for the cool bravery of the "skipper" who with desperate energy leaned over the stern-bar and grasped flange after flange of the propelling wheel when it had got so low in the water that the treader could not move it and thus kept the boat in motion, it would undoubtedly have gone down while out in the bay. The ladies had not a suspicion of their danger until it was over, although they calmly discussed the queer scene. We are glad to learn that the boat has been promptly repaired so that a like accident may not occur again.—Ed.

A MATRIMONIAL WAVE.

"Bright the light shone o'er fair women
and brave men,
Soft eyes looked love to eyes which spoke
again."

Such are our thoughts on chronicling
our list of marriages this week—and think-
ing of those already booked to come off at
an early date.

RATHBUN—BLAIR.

In Southsea, England, on Thursday,
August 3rd, Mr. E. Walter Rathbun, of
Deseronto, and Miss Aileen Blair, daughter
of the late Captain James Jenkins Blair,
Bengal staff corps, were united in bonds of
holy wedlock. The happy couple left for
London en route for Scotland, where they
intended spending some weeks. They will
sail for Canada at an early date.

FOLTZ—SHANNON.

A happy event took place on Sept. 4th,
when one of Napanee's fairest belles, Miss
Margaret Frances, daughter of Mr. Dennis
Shannon, was united in marriage to one of
Belleville's citizens, Joseph Foltz. The
ceremony was performed by the Rev. Fr.
Hogan in the presence of a large number of
friends. The bride was assisted by her
niece, Miss Alice Shannon, while Mr. D.
Hogan did the honors for the groom. Mr.
and Mrs. Foltz left on the noon train for
Montreal and Quebec. The bride was the
recipient of a large number of beautiful,
useful and costly presents.

HERRING—SWITZER.

At the Eastern Methodist church, on
Wednesday, Sept. 6th, Mr. Orlin Leroy
Herring and Miss Mary Maude Switzer
were united in bonds of holy wedlock by
the Rev. S. J. Shorey. The ceremony was
performed in the presence of a large assembly
of both young and old, married and
those who wished to be so, the church be-
ing especially decorated for the occasion
with flowers, etc. The bride entered the
church on the arm of her brother, Mr.
Edward Switzer, Toronto, and was attired
in a dainty brown travelling dress, wearing
a yellow bouquet of roses. The bridesmaid,
Miss Switzer, sister of the bride, was
attired in a like costume. Dr. A. F. War-
ner fulfilled the duties of best man. After
the ceremony the happy couple left on the
early train for the west under a shower of
rice and old boots accompanied by a large
number of friends to the station, and the
best wishes of many for a long and happy
married life. At an "At Home" at the
Rectory on Monday evening the groom was
the recipient of several addresses with
accompanying gifts from the choir, Sunday
School and members of the church of St.
Mary Magdalene, with which Mr. Herring
has been so long associated. The hands
employed in the foundry also showed their
esteem for Mr. Herring by flying a white
flag over the works during the day.

OLDHAM—BENJAMIN.

The home of Mr. E. W. Benjamin, Piety
Hill, was brilliant with bright lights and
happy faces on Wednesday night last, the
occasion being the marriage of his only
daughter Katie, to J. H. Oldham, M.D., of
Maribank. The nuptial knot was tied by
the Rev. S. J. Shorey, pastor of the E. M.
church, in the drawing room, which was
decorated with flowers, the bride being
dressed in white satin duchess trimmed
with lace and orange blossoms and wearing
a veil of Irish point. In her hand she car-
ried a beautiful bouquet of flowers and
looked indeed charming, as did the brides-
maids Misses Hall, of Napanee, and Katie
Fralick, of Picton, who were attired in pale
blue corded silk and also carried a bouquet
of flowers. Miss Burns, of Yarker, played
the wedding march. The maids of honor
were Misses Lena and Lois Benjamin,
nieces of the bride, and were dressed in
cream India silk trimmed with white lace.
The groom was assisted by Messrs. S. Old-
ham, druggist, Toronto, and Dr. McCall,
of Belleville. After the ceremony the
guests, about eighty in number, from Owen
Sound, Toronto, Kingston, Picton, Yarker,
Newburgh, Camden East, Napanee, sat
down to a most elaborate spread of all the
dainties and delicacies of the season, pre-
pared by Napanee's popular confectioner,
Mr. W. H. Davis. The bride, who is very
popular, was the recipient of a large num-
ber of beautiful and costly presents, not to
mention the handsome present from her
father of a deed for a house and lot and a
cheque for \$1,000. One of the groom's
presents, a beautiful gold watch, chain and
seal, was noticeable among the rest. Dur-
ing the evening the lawn was thronged with
people, who gazed in the windows and every
available spot to get a view of the proceed-
ings. The Chinese lanterns which decor-
ated the trees were torn and the flower beds

St. John's Church, Bath.

Daily service at 4.30 p.m. is now a reg-

a great advance upon that of the year

growth in grace of her members seems to
be characteristic of quite a few of her child-
ren here, as it ought to be of all her children
everywhere.

YOU WON'T MISS IT. A TRUE STORY.

In one of the provinces of the Dom-
inion of Canada there lives a blacksmith
who has a little daughter of whom he is
very fond. The child was persuading him
to let her have what she wished, and he
promised. "Let me look over all your
money at night when you come home and
take out all the five cent pieces for myself
and put them in my money box, and you will
not miss them!" He promised to let her
do this for a year, and kept his promise.
Sometimes there were one or two half dimes
and sometimes there were none, but all
that could be found were stored in the box,
and he did not miss them. In the middle
of the year the churchwarden came around
to collect subscriptions for the minister's
stipend and other church expenses. The
blacksmith complained of the hard times
and thought he could not do much. He
was reminded that he paid nothing for his
pew in church and should therefore give

morning three o'clock train for Toronto, Chicago and other points, amid a shower of rice and best wishes of their numerous friends.

Harvest Dinner.

A Harvest Home six o'clock Dinner will take place in the Odessa Methodist church on Monday evening, Sept. 18th, 1893. Good Programme, choice music. Tickets 25cts each.

Burned Out.

On Wednesday night during the storm fire destroyed the bakery shop of Mr. Wm. Bowen, Roblin. The house and barn were a complete wreck. Information as to how the fire started, the insurance, etc., is not to hand this week.

Successful Dinner.

On Wednesday the good people of the Methodist church, Selby, had a dinner and tea on the ground recently purchased for the new parsonage. The receipts were \$137.65. There was a large attendance and everyone enjoyed the fete.

Coal.

This year we have a new size of Coal called No. 2 Chestnut, which we can sell for \$4.50 on the yard, at \$4.75 delivered, or mixed with either Egg, Stove or Chestnut for \$5.50 per ton delivered.

Shooting Ducks out of Season.

On Saturday Duncan Benn and James Waterford, of Deseronto, John Dingman and Mr. Dingman, of South Fredericksburgh, were brought up before Police Magistrate Daly for having shot ducks out of season and breaking the Sabbath. Benn and Waterford were each fined \$10 and cost, John Dingman \$5 and cost and the other Dingman cleared himself.

Pianoforte Tuning.

Having been particularly requested for some time past to visit Napanee in reference to Pianoforte Tuning I have fully decided to do so commencing on Sept. 13th, next and every two weeks until further notice, after which arrangements may be made for quarterly or half yearly tunings. Orders left at the store of Mr. T. S. Henry will receive my best attention. J. REYNOLDS, Pianoforte Warerooms, Golden Lion Block, Kingston.

Some Talk of a New Opera Hall.

During the past week there has been some talk of forming a joint-stock company to build a new Opera House, on the property known as the old German carriage factory. The scheme is a good one as the ground there forms a natural slope, so that raising of the floor would be unnecessary and doors on each side would make an easy exit in case of fire. The shares are to be small so that every merchant and favorably disposed person make take a share.

He Married the Girl.

In response to a warrant issued by Magistrate John A. Shibley, of Yarker, Policeman Huff on Tuesday arrested Amos Smith, of Napanee, for seducing a girl named Susan Woodhouse, of Yarker. The next morning he was arraigned before Magistrate Shibley and on his consenting to marry the girl he was let off. Rev. Shorey, of Harrowsmith, performed the ceremony and the young man returned home on the next train, feeling quite jubilant over the affair.

—Miss Simmons of Oshawa, has been a guest at Mr. A. Jewell's during the past week.

—Mr. Jno. Herring is improving the looks of his terrace on Bridge street both inside and out with paint, repairs, etc.

—Mr. Herb. Wright has purchased a Raleigh bicycle from Mr. Geo. Caton, agent for that celebrated wheel, which is one of the best in the market.

—Don't forget the grand temperance demonstration, Mohawk Grove, Sept. 15th. Reindeer will run an excursion that day. Full particulars later.

—Mr. Kenneth P. Neville is to be congratulated on his brilliant success at the recent examinations, he having taken the highest stand in all subjects taken together and winning the Mackerras Memorial, value \$100, and the honor of the Governor-General.

—Mrs. Isaac Clark, an old and respected resident of the Township of Ernestown, living about four miles north west of the village of Odessa, passed away on Saturday last. The deceased was about eighty years of age and had been ill for a long time, death coming as a happy relief from suffering. She leaves an aged husband,

badly smashed his wagon.

—Mrs. John Walsh, who has been visiting friends in Kingston for the last three weeks, has returned home, accompanied by her niece, Mrs O. Kennedy.

—Mrs. Ryan, and Mrs. Shorey, of Camden East, Mr. Herrington, Mr. George Grange, Mr. Baines, of Dominion Bank, took in Chicago Fair last week.

—Mr. and Mr. H. Bradshaw have the sympathy of the entire community over the loss of their bright little daughter, Edna, who died on Monday last of cholera infantum.

—Mr. Reuben Herrington has leased the farm known as the Cline homestead, the residence of the late John Cline and will take possession soon. It is a fine property and Mr. Herrington will no doubt do well with it.

—S. A. Spangenberg, optician, will be at Smith & Bro's jewellery store on Monday and Tuesday next 11th and 12th September. Any persons wishing their eyes tested and properly fitted with spectacles will do well to see him. No charge for examination.

—Special offering of Men's Black Cashmere Half Hose in all sizes for fall and winter this week at 25 cents per pair.

McAlister & Co.

—Mrs. Joseph Lucas, who was so badly scalded recently at her home in Clarks-ville, died on Sunday of last week. Hopes were entertained that skillful treatment would enable her to pull through, but her advanced age—67—precluded it.

—At the meeting of the School Board last Tuesday evening the prayer of the largely signed petition asking to hold their election at the same time as the municipal elections was not granted for reasons best known to the members of that humble body.

—Mr. G. L. Wagar, who held the position of assistant in West ward school last year during the model school term, and who graduated from the Napanee Collegiate Institute, has received the appointment of Science Master in Georgetown High school, and left to assume his new duties.

—Mr. James A. Jayne, of Richmond, has purchased the George German farm in Adolphustown, over 200 acres, for which he paid \$7,000. He has commenced ploughing on it but will not reside on it until the early part of the winter. It is one of the finest farms in Central Ontario, and Mr. German has refused \$15,000 for it some years ago.

—An exchange tells of a fellow who every time he goes on a spree insists on paying a year's subscription to his town paper. He has already paid for his paper to January 1st, 1872. Efforts will be made at the next press convention to ascertain the brand of whiskey that fellow is drinking, in order that it may be more generally placed on the market.

Church of England Notes.

PARISH NEWS.

Church of S. Mary Magdalene.

Sunday next (XV after Trinity) the order of services will be as follows. Holy Communion at 8 a.m. Matins and Litany, 11 a.m. Evensong, 7 p.m. Service at St. Andrew's chapel, Zion Hill 3 p.m.

It is proposed to reorganize the men's Bible class on a somewhat different basis and form it into a sort of Sunday afternoon bible conference. A circular, setting forth the details of the scheme is being printed and distributed and we trust the new venture will receive the support of all interested in the study of holy scripture. The first meeting will be held on Sunday at 1.15 p.m. in the basement chapel of the church.

We have had an appeal from the authorities of the diocese on behalf of a scheme for cancelling the debt upon the diocesan mission fund, i.e., our fund for the support of missions within the limits of the diocese. The debt is not a large one, only \$4000, but it is enough to hamper our progress and tie the hands of the mission board when attempting any fresh aggressive church work. Every communicant in the diocese is asked to give the small sum of 25 cents as a special offering for this purpose. An envelope will be handed to each with a request that it shall be presented at the offertory on some Sunday to be named later on, thus lifting the whole vexatious burden by a single effort. These envelopes were given out last Sunday evening. A large number of our communicants remained after service to receive them. In order to facilitate the distribution of these

church are earnestly invited to meet at the Orange hall on Saturday night next 9th inst. The Incumbent last Sunday made an appeal to the congregation to commence the work so as to have the outside portion finished prior to the storms of winter. Labour, teams, material, money, all acceptable. The Napanee people are ready to help when the Roblin people help themselves in earnest. We hope for a practical issue from the meeting of Saturday night.

The services held in the Orange Hall, Roblin, are well attended.

St. John's people, Selby, were much pleased to see Mr. Geo. Mabbitt, organist, at his post last Sunday, after his recent illness.

Parish of Camden.

The annual Harvest home of this parish was held on Tuesday of this week and like all the undertakings of this mission was an unqualified success. The day began as it meet with a celebration of the Holy Eucharist. We cannot conceive of a public thanksgiving service without the great sacrifice of praise and thanksgiving.

The preacher was the Rev. Canon Burke who is always sure to give those to whom he speaks something worth thinking about. The dinner and tea, served in the new hall were quite such as to keep up the reputation for hospitality so well earned by the ladies of the parish. At Evensong Mr. Barnes of Tweed gave one of his sledge hammer addresses upon the church's harvest. It was a magnificent "apology" for the church and defense of the position she is forced to maintain among the christian bodies by which she is surrounded. Among the clergy present were the Reverends Mr. James, of Westport, J. R. Serson of Tamworth, Rural Dean Baker, of Bath, Arthur Jarvis, of Napanee, and F. T. Dibb, of Odessa. The church in this parish is strong and many accessions to our ranks are to be recorded from time to time.

Tremblaya.

A very interesting double celebration took place in Christ church in this parish on Wednesday, Sept. 6th, viz: the centennial of the transfer of the reserve to the Mohawks by George III, dated April 6th, 1793—the document itself being in evidence as one of the exhibits of interest for the visitors to inspect. This is also the jubilee year of the parish the fine stone church having been erected fifty years ago. The day began with a celebration of the Holy Communion at which, owing to the indisposition of the valuable missionary, Rev. G. A. Anderson, the Rev. A. Jarvis, rector of Napanee, was the celebrant. Rev. F. D. Woodcock was the preacher, having been called upon at the last moment to fill the place of the very Rev. Dean Smith of St. George's, Kingston. After the inevitable and sumptuous harvest dinner an open air pow-wow was held in the indian woods where speeches were delivered by several prominent laymen including the M. P's of Hastings, Mr. Corby and Mr. Northrup, also by the visiting clergy and others. Chief Sampson Green occupied the chair, and in his opening address gave some very interesting reminiscences of the history of the Mohawks since the days when their fathers left the Mohawk valley in New York and came to have cut a new home on the Bay of Quinte rather than live in plenty under a rebel flag. The loyalty of the Mohawks to the Altar and the Throne were frequently dwelt upon by the various speakers present. A large delegation from Belleville came down in Mr. Corby's yacht and thoroughly enjoyed the day's proceedings.

GENERAL NEWS.

We are glad to see the frequent expressions that are made by other christian bodies as well as by our own church papers of the unworthy means sometimes resorted to for the purpose of raising funds for religious uses. We are not ourselves quite above criticism in this respect even in Napanee, (if our wardens and guild secretaries will pardon us for breathing the suggestion). Before we get worse we beg to commend the following clipping from the Christian Advocate (not one of our church publications) among some late developments of the Epworth League. On 17th January a branch of this society "auctioned off as per advertisement, 40 beautiful ladies, and the gentleman who bids the highest will escort the lady on whom he has placed his money, and partake of a sumptuous repast, which will be prepared for the occasion. One of the most enjoyable times of the season is anticipated." When we criticised last year a western dodge of selling religious (?) kisses for 25c. per kiss, we thought we had reached about the "lowest deep" of

some demur he gave one dollar and a half as his year's subscription for religious purposes. At the end of the year his little daughter with great glee brought out the money box to see how much her fund amounted to. When it was counted it proved to be near \$27. He had not missed it. If only he had regularly put by God's share of his earnings, he would have been able to give at least one hundred dollars for religious purposes. He would not have missed them in this world, and would have his reward laid up in the next.
